

REMARKS

Title

Applicants have herein amended the title of the invention to read: Programmable Structure Including An Oxide Electrolyte And Method of Forming Programmable Structure.

Cross Reference to Related Applications

Applicants have herein amended the Cross Reference section of the application to reflect the addition of the benefit claim to a prior-filed provisional application. Applicants have submitted a Petition to Accept Unintentionally Delayed Claim Under 35 USC 119(e) for Benefit of Prior-filed Provisional Application in a separate filing, a copy of which is attached to this Response and Amendment.

Drawing Figures

Applicants herewith submit new formal drawing figures to obviate the Examiner's objection to the figures filed March 8, 2004.

Double Patenting

Applicants herewith submit a Terminal Disclaimer to obviate the nonstatutory double patenting rejection to claims 1 - 33.

CONCLUSION

In view of the foregoing, Applicant respectfully submits that all the pending claims are allowable. Reconsideration of the application and allowance of all pending claims is earnestly solicited.

Dated: 5/23/05

Respectfully submitted,
